- French — Basic

Profile

Curious bachelor chemist with a passion for data and machine learning. Strong communicator, helpful, and always focused on finding practical solutions. Outside of work I enjoy volleyball, squash, gaming, and playing strategic board games.

Work Experience

Transcom
Full-time – Customer Service Representative
MAY 2024 – NOVEMBER 2024
Consistently in the top 5% for customer satisfaction at Odido. Described as helpful, knowledgeable, and solution-oriented.

Teamspot
Part-time – Regional Director, Northern Netherlands
FEBRUARY 2022 – JULY 2024
Led the Northern Netherlands project; teacher training, communications, and data work for 16 secondary schools. Performed bug testing and data entry for the platform.

Chess.com
Part-time – Event Proctor & Moderator
JANUARY 2022 – JUNE 2022
Selected for my helpfulness to serve as moderator and arbiter at international, world-class chess events. Contributed to the development of the "Leagues" project with continuous community feedback.

Education

University of Groningen
Chemistry – Bachelor
SEPTEMBER 2021 – AUGUST 2025
Track: Chemistry of Life. Theoretical, laboratory, and report work.
Thesis: *Evaluating and Optimizing NMR Prediction with Graph Neural Networks*, Pollice Research Group.

Stadslyceum Groningen
VWO (*pre-university*) – NG/NT track (STEM)
SEPTEMBER 2015 – JUNE 2021
Final Project: *What are the possibilities of AI for recognizing objects?*
